

CDC ADAMANT VB CWRS

Tough Against Insects

CDC Adamant VB is the first CWRS wheat that provides tolerance to both orange blossom wheat midge (SM1 carrier) and wheat stem sawfly, having a fully solid stem. Farmers can now access unsurpassed protection from insect damage without having to sacrifice top-end yields.

Highlights

- Wheat midge and wheat stem sawfly tolerance
- Top-in-class stem solidness rating
- Higher yielding, 111%* of the check
- Early maturing
- High protein
